INTRODUCTORY.

A DIRECTORY is the key that opens the gate of knowledge to the importance of a city. We have the pleasure of presenting to our patrons our Directory of Anderson and Madison County for 1891-92, and we trust that upon examination it will prove satisfactory. The correctness of a directory depends in a large measure upon the citizens using care in giving in the information. In this connection we wish to express our appreciation of the kind and courteous treatment extended us by all the citizens of Anderson, with two exceptions, viz.: The American Wire Nail Co. and F. B. Williams, manager of the Anderson Bolt Works; these two firms positively refused to give us the required information. We mention the above facts so that if there should appear any omissions or errors in listing the help of these two firms the public will know where to attach the blame. We intend to renew the directory in 1893, when it will be more extended and varied in its contents, keeping pace with your rapidly growing city.

Trusting that our work has been of such a character as to retain your confidence and merit your patronage in 1893, we remain, Yours truly,

THE PUBLISHER.

The Elwood Free Press.

Devoted to the interests of the common laborer and fallen humanity in general. It will always be found with its face to the foe, fighting monopoly in all its varied forms. Circulation large and rapidly increasing. It visits every post-office in the County, and goes to nearly every State in the Union —on Fridays, if the train is on time.

JOB WORK A SPECIALTY.

In fact, we do little work like that, just for the fun of it.
GIVE US A CALL.

JESSE J. MELLETT,
